

Asian Income Fund

Monthly Fund Factsheet
as of 31 December 2019

Investment Objective

The Asian Income Fund aims to provide income and capital growth over the medium- to longer-term by investing primarily in Asian equities (including real estate investment trusts) and Asian fixed income securities.

The sub-fund currently offers a monthly distribution pay-out feature. Distributions are not guaranteed and can be made out of the income, capital gains and/or capital of the sub-fund.

Investment Scope

The sub-fund intends to achieve this objective by investing all or substantially all of its assets in Schroder International Opportunities Portfolio – Schroder Asian Income (“underlying fund”), in Class X Distribution, which is managed by Schroder Investment Management (Singapore) Ltd. The underlying fund will seek to achieve the investment objective primarily through investment in a portfolio of equity securities of Asian companies which offer attractive yields and sustainable dividend payments, and fixed income securities and other fixed or floating rate securities, of investment grade or below investment grade (at the time of or subsequent to acquisition), issued by governments, government agencies, supra-national and corporate issuers in Asia which offer attractive yields. The underlying fund may substantially invest in fixed income securities and debt securities which are below investment grade or unrated.

The sub-fund is denominated in Singapore Dollars.
